

VACANCY

RADIUS is looking for a youth member for its Supervisory Board

Are you concerned with climate, do you want to gain experience in a supervisory board, and do you have an interest in contemporary art? Then this unique position on the RADIUS Supervisory Board might just be for you!

ABOUT RADIUS

RADIUS is a new center for contemporary art and ecology, situated in the pump house of a historic water tower in Delft. In our five hundred square meter underground exhibition space, you will see ever-changing exhibitions on art and science, focusing on climate, ecology and the living environment. We believe that artists play an important role in how we as humans view the degradation of climate and biodiversity, because they ask critical questions about what it means to live today.

WHAT THE SUPERVISORY BOARD DOES

The Supervisory Board supervises the activities of the arts center and monitors the societal objectives and continuity of the organization. Because we believe that young people are an indispensable voice within any conversation about climate, art and ecology, we are looking for a youth member from 18-21 years of age to join our Supervisory Board. This is a unique opportunity to become acquainted with and work in a position normally occupied only by people with intensive work experience.

So are you:

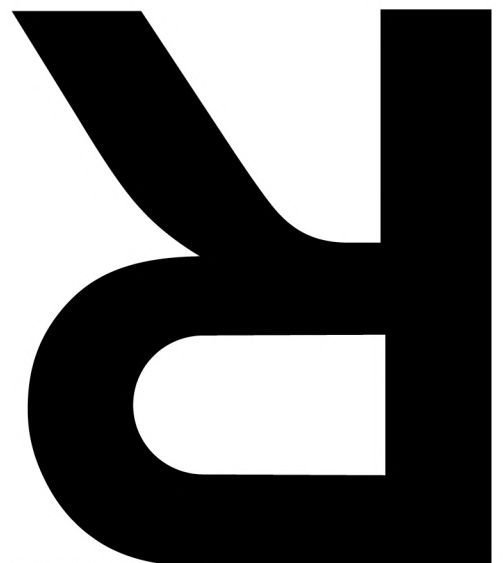

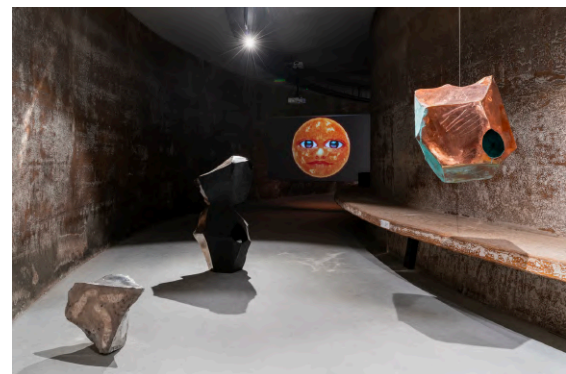

- Involved in nature and climate
- Interested in contemporary visual art
- Someone who dares to ask critical questions
- Interested in gaining experience as a supervisor
- Eager to learn, involved and sociable

Then we are looking for you!

WHAT THE POSITION ENTAILS

- As a member of the Supervisory Board, you will participate in at least two meetings a year.
- You will regularly attend events and openings.
- You are a member of the Supervisory Board voluntarily (you will not be paid, but in return you gain unique experience and a great deal of knowledge).

The current members of the Supervisory Board are: Golnar Abbasi, Yoei Meessen, Jeroen Princen and Brenda Tempelaar. You will become a full member of our Supervisory Board, but we realize that this will probably be your first introduction to such a

context. Our experienced colleagues will therefore be pleased to help you with advice and information.

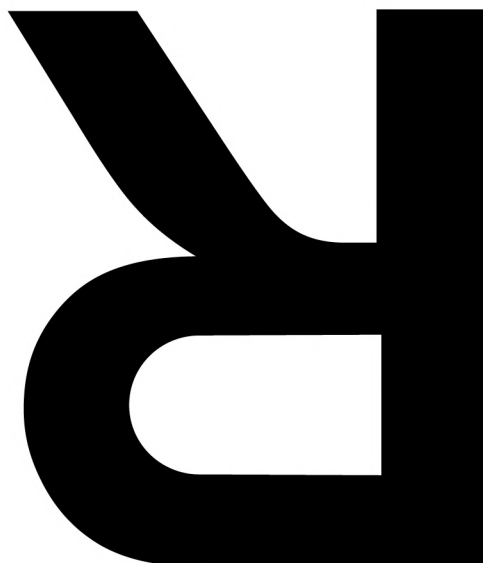

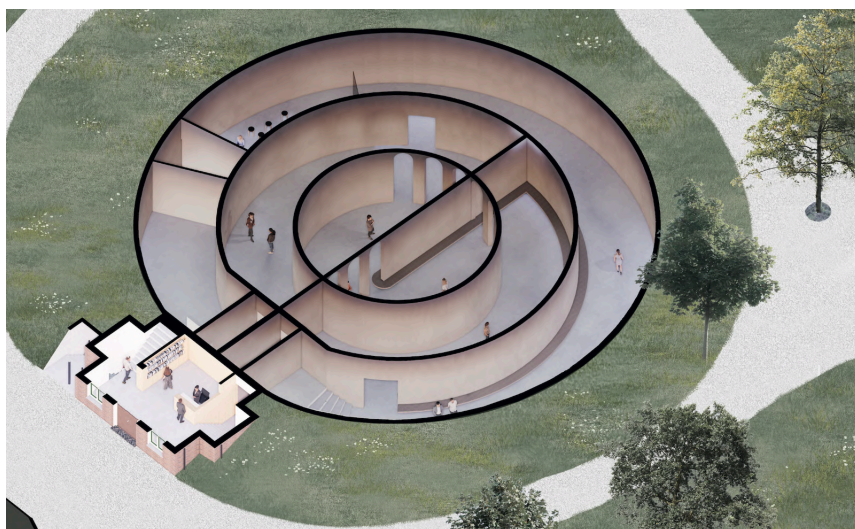

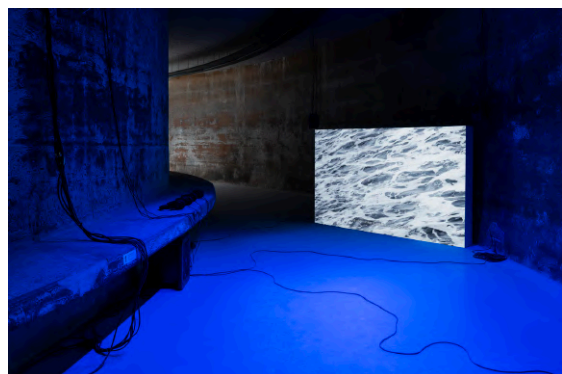

HOW TO APPLY?

If you are interested, we would prefer a short film clip of no more than two minutes in which you introduce yourself and explain why you think it is important that art and science pay attention to the climate. This film may be spoken in Dutch or English or subtitled. If you don't feel like making a video, you may also send us an email explaining why you would like to join our Supervisory Board. Send a link to your video, together with your contact information before January 23, 2022 to info@radius-cca.org.

Interviews will take place on the 11th of February, so make sure to reserve that date in your agenda!

QUESTIONS?

Contact Yoei Meessen, member of the RADIUS Supervisory Board, via yoei.meessen@gmail.com.
